

# Parking Lot Safety Tips – 1 of 2

- **Plan Ahead**

- Keep the doors locked and windows closed as you enter a parking garage.
- Minimize valuables, backpacks, etc. left in vehicle. Put items in the trunk or out of sight
- Keep wallet or purse out of view when entering/leaving lot
- Park where the lighting is best
- Park as close to lot attendant kiosks as possible

- **Exiting your Vehicle**

- Be aware of your surroundings
- Walk away from vehicle with confident stride
- Note parking space identifier for your return

**NOTE:** If you use the lot routinely, determine IF / WHERE your cell phone works. Keep it handy when entering and exiting.
